MINUTES

1. Official opening of the meeting

The Meeting was officially opened with a short introduction in previously activities. All students have enrolled third semester.

2. Report:

a) Progress of Module development in the third semester

Each module was elected so they all are introduced (tab. 1). Only one student elected module International Trade and Marketing so the lecture on this module will be organize in accordance with the agreement of students and teachers. This module is only one, which there is no support of EU professors. All teaching materials for third semester have already delivered to students, excepting modules from Meat processing and International Trade and Marketing. Prof Jure Beljo confirms that he will assure those teaching material in hard and electronic copy.

Prof. Fischer, who is charge in Meat processing lecture, will come in Mostar at January so the date of exams will be moved to end of February.

b) All members of CB decided that students need have additional testing deadlines. It is important because in some case, students were waiting for long time for marks from EU professors and it is reason they lost some exam dates.

3. We discussed students visiting EU Universities considering their MA thesis. Who are the responsible teachers? Prof. Esma Velagić sad that is high time for preparing all necessary activities how could our students make detailed thesis plan and time schedule of motilities. It will be main theme in our third Steering Committee meeting, which planed to be hold in Sarajevo at 17. and 18. November.

4. Writing and printing books

In the framework of the project is intended that the teaching material edit in the form of print books. Therefore, some of the professors have written books. Seven books were intended to be printing and publishing. Since we do not know exactly how much money we have available for the printing of books, we will ask Mr. Weiler that he made a calculation of money in the fund designated for the printing materials.

5. Future activities

Update on the current state of exchanges visits.
