Dr. Rasa Zukiene is currently an associate professor at Dept. of Biochemistry, Vytautas Magnus University in Kaunas, Lithuania. She got her bachelor's degrees in Environmental Sciences (1999) and Biology (1999), master's degree in Molecular biology and biotechnology (2001), and PhD degree in Biochemistry (2008) from Vytautas Magnus University. Current research interest of Rasa Zukiene centers on the investigation of cold plasma and electromagnetic field effect on plant seeds, further plant development and molecular mechanisms of plant improvement by these physical stressors. Rasa Zukiene is also conducting research on the nanoparticle cytotoxicity, its targets and mechanisms in mammalian cells.
